### Greek Philosophers c. 620-265 BCE

The word philosophy comes from two Greek words meaning "love of wisdom." Greek philosophers thought rationally and systematically about our conception of the world, how to justify beliefs about the world, and how best to conduct one's life. They searched for truth by discussing and weighing concepts and by constructing explanatory theories. Their methods and conclusions provide the foundations of modern thought.

Excerpt from: Ancient Egypt (Eagle Rock Entertainment Pic)  
Many pharaohs chose burial sites in the Valley of the Kings to prevent grave robbers. The tomb of Tutankhamun remained undisturbed until 1922. An old man gives an eyewitness account of Carter's discovery, and the tomb's treasures are revealed. An Egyptologist debunks stories of the "mummy's curse."
